Dear Partners,

Greetings from Nefful Singapore.

There was a printing glitch on the unit price and sales volume of a particular product featured in the Product Catalogue Lite 2022 Version launched in January 2022, hence please see the following for the correction.

Product	Size	Printed Unit Price	Printed Sales Volume	Correct Unit Price	Correct Sales Volume

	LL	S\$210	218	S\$225	234

The Company will temporarily suspend the sale of the Product Catalogue Lite until 19 January 2022. Partners who have purchased the Product Catalogue Lite before 15 January 2022 can bring the product catalogues to our office premise from 20 January 2022 onwards for a one-to-one exchange.

The regular Product Catalogue is still available for sale, partners can also view the product catalogue on the Company's official website.
