因為在妮芙露國際，真正凝聚彼此的，從不取決於我們是否站在同一個地方，而是我們能否擁有相同的信念。在我的體會中，妮芙露國際能屹立昂首於時代之浪潮，從來不是仰仗任何個人的孤勇，也不是個別時代的偶然。妮芙露國際最偉大的資產，就是憑藉著全體夥伴以信念為火種、以堅持為薪柴的世紀共燃！

not through the courage of any one individual, but through the collective dedication of our partners—those who ignite their beliefs as a spark and sustain them with unwavering perseverance.

United Hearts, Infinite Light: Illuminating a Legacy Across Generations

Every heart gathered here is like a ray of light at dawn. And at this very moment, as thousands of these lights come together as one, they illuminate the glorious path that Nefful International has travelled throughout more than half a century of growth and achievement.

There is a Japanese proverb: "Keizoku wa chikara nari" (継続は力なり) — Perseverance is Power. Time alone does not create value. Yet when we move forward with conviction on the right path, every effort will, in time, bear fruit and lead to genuine success. It is this unwavering perseverance and dedication over the past 53 years that has kept the light of our conviction shining brightly and burning strong.

In my management philosophy, developing people and helping them achieve their full potential will always come before business success. At Nefful International, the highest levels of wisdom, experience, and expertise are generously passed on through close collaboration, wholehearted mentorship, and learning side by side. One of our proudest achievements is seeing generation after generation of partners unlock their potential, grow from inexperience to maturity, and share in one another's success along the way.

As we journey into the future, let us continue to embrace the belief that when hearts unite, they become a powerful light. By becoming a source of light ourselves, may we inspire greater opportunities in business and open new possibilities in life for others. Together, let us step into the next glorious chapter—radiant with promise, enduring in spirit, and destined to shine for generations to come.

心聚萬千光芒，照亮世紀傳承

在這裡的每一顆心，都似一束破曉的光芒；而當此刻，成千上萬的心光，被我們毫無保留地匯聚在一起時，便徹底照亮了妮芙露國際走過半個世紀的輝煌來時路。

日本有一句諺語——「継続は力なり」，意思就是「堅持，就是力量」。時間本身雖然不會自動創造價值，但是當我們站在正確的道路堅定前行，所有的努力便會在歲月裡開花結果，贏得真正的成功。這份長達53年的堅持與努力，正是我們心中那道信仰之光始終發光發熱的理由。

在我的經營哲學裡，我們永遠把「培養人、成就人」放在事業的最前面。在妮芙露國際，最頂級的智慧與實力，總是在每一次並肩作戰中獲得傾囊相授、手把手傳遞的。我們最驕傲的成就，就是看到一代又一代的夥伴在這裡激發潛能、從青澀走向成熟，並在這裡分享彼此的榮光。

未來的路，讓我們繼續抱持心聚成光的信念，通過自己來點亮更多人的事業機會與人生轉機，共同迎向光芒萬丈、永續相傳的下一個輝煌時代！

Unite ∞ Ignite | One Heart United Through Change, Forging New Frontiers for the Future

The story of Nefful International began in Japan, extending across Taiwan, the United States, Hong Kong, and Malaysia before reaching Singapore. In every place where we have taken root, countless partners have entrusted one another with their hearts and carried forward our shared values through love and dedication. Today, Singapore bears the important responsibility of carrying forward this brand spirit and leading Nefful International's global development. It is a responsibility that we have never forgotten and one that we proudly embrace.

As we stand at this pivotal moment in 2026, we are facing unprecedented change. Global economic uncertainty continues to intensify, while the rise of AI is reshaping every industry at an unprecedented pace. Yet the more turbulent the times, the greater the resilience we must demonstrate. For the true soul of the direct selling industry has never been found in algorithms or data. It lies in genuine human connections, the warmth shared from person to person, and our unwavering commitment to health and well-being. Technology may give us the wings to soar, but it is human warmth that remains the foundation upon which we stand.

This year, "Unite ∞ Ignite | One Heart" is not only the shared belief of our global partners, but also our strongest response to the challenges of our time.

Unite: Let us stand together in adversity, united as one, and build the strongest foundation for our shared growth and success.

Ignite: Let us ignite the powerful energy that lights the way forward, embracing change with courage and breaking through every challenge before us.

When the hearts of our partners across five regions unite as one, this light no longer belongs to any single market—it becomes a shared light that transcends borders and shines across the world. Let us move forward with confidence, overcome the challenges of our era, and together create the most brilliant chapter in Nefful International's history.

心聚成光，Unite ∞ Ignite | One Heart 我們在變局中凝聚，在未來裡開疆

妮芙露國際的故事，從日本出發，跨越台灣、美國、香港、馬來西亞，一路延伸至新加坡。每一站的落地生根，都是無數夥伴以心相托、以愛傳承的見證。如今，新加坡肩負著承接這份品牌精神、引領全球佈局的重要使命，這份責任，我們從未輕忘。

站在2026年的歷史節點上，我們正共同面對一個前所未有的劇烈變局——全球經濟跌宕起伏、AI科技的浪潮更以海嘯之勢重塑每一個產業。然而，時代越是動盪，我們越要在變革中展現驚人的韌性！因為直銷產業最核心的靈魂，從來都不是冷冰冰的算法與數據，而是人與人之間真誠的連結、雙手傳遞的溫度，以及守護健康的那份初心。科技是我們騰飛的翅膀，而人本的溫度，才是我們立足的根基。

今年，「心聚成光」是我們全球夥伴共同的信仰，也是我們對這個時代最有力的回應。

Unite: 讓我們在逆境中緊密相依，萬眾一心，結成最堅固的發展共同體。

Ignite: 讓我們在變局中，點亮前路的磅礴能量，迎著風浪奮力破局。

當五地夥伴的心萬眾一心地凝聚，這道光便不再只屬於某一個市場，而是穿越國界、照耀世界的共同榮耀。讓我們以最堅定的步伐，跨越時代的難關，攜手書寫妮芙露歷史上最震撼、最光芒萬丈的嶄新篇章！

Unite ∞ Ignite | One Heart United in Purpose, Illuminating the World

Nefful International's remarkable legacy is deeply rooted in its legendary origins in Japan. From this foundation, it has inspired generations to achieve better health, redefine beauty, and transform their lives. I firmly believe that Nefful International's expansion has never been merely about extending a business footprint—it is a shared journey of lighting one life with another and bringing warmth to the world.

As a management team that walks hand in hand with our partners, we are committed to supporting efficient global operations while safeguarding the aspirations of countless individuals as they pursue their dreams. Here, countless people have been renewed in both body and spirit, and countless others have rediscovered their confidence and sense of purpose. This is the most precious value of Nefful International. We are not simply building a business—we are bringing together a force that has the power to transform lives.

This year, "Unite ∞ Ignite | One Heart" is our boldest declaration to the market. In an era of profound change, we open our arms to unite as one, ensuring that no partner ever faces the journey alone. More importantly, with unwavering passion, we seek to ignite the extraordinary power that lies within every ordinary heart.

As our shared belief in health and beauty transcends languages and borders, this light will gather into a mighty wave, driving kindness, hope, and positive change forward across the world. When individuals enjoy good health, families flourish. When families flourish, communities thrive. As this vision spreads from its origin to every corner of the world, we move toward a future of shared prosperity and mutual success. Let us raise the banner of "Unite ∞ Ignite | One Heart" stand united as one and proudly write a brilliant new chapter in Nefful International's history.

When Malaysian Batik Meets NEORON® Technology

On a visually captivating stage, emerging designers from the Nanyang Academy of Fine Arts (NAFA) presented a creative showcase for Nefful International, bringing together technology, culture, and dreams in a refined aesthetic expression. This is more than a crossover fashion presentation; it is also a platform jointly built by Nefful International and an academic institution to nurture young talent and support emerging creative potential.

The design team skillfully applies NEORON® high-tech fabric, deconstructing the essence of Malaysian Batik. Classical motifs are reinterpreted and seamlessly woven with modern silhouettes and precise tailoring. Under light and shadow, every pattern reveals layered depth, forming contemporary artistic works that carry both cultural heritage and modern design aesthetics. Here, NEORON® fabric moves beyond the framework of wellness technology, becoming a medium that connects aesthetics and refined lifestyle. This collaboration allows the light of its original intention to shine on stage, illuminating young creative dreams. Through this convergence of heritage and innovation, the brand spirit is expressed, and new possibilities are created for the future.

當馬來峇迪遇上妮美龍科技

在絢爛的璀璨舞台上，新加坡南洋藝術學院 (NAFA) 新銳設計師以先鋒視角，為妮芙露國際締造了一場融合科技、文化與夢想的美學盛宴。這不僅是跨界大秀，更是妮芙露國際攜手學術殿堂、為年輕才華構築的築夢平台。

設計師巧妙運用高科技妮美龍面料，解構承載馬來文化精髓的峇迪 (Batik) 元素，將經典圖騰與現代高規剪裁絲滑交織。每一道圖紋在光影下皆綻放出深邃層次，形塑出兼具歷史底蘊與時尚美學的當代藝術作品。妮美龍面料在此跨越了健康科技的框架，蛻變為連結極致美學與高端生活品味的風格載體。這場產學合作讓初心的光芒在舞台上綻放，以熱情灌溉青澀夢想，共同開創品牌的無限可能。

Chapter 4 第 4 篇章

The Glory of Light | A Tribute to the Relentless Seekers

光之榮耀 | 向永不言棄的追光者致敬

*From the realization of value to the
extraordinary transformation of life*

We witness the achievers stepping onto the stage with confidence, grace, and unwavering conviction. Standing tall and waving proudly to the audience, their calm assurance reflects a remarkable transformation shaped and refined through time.

Standing beneath the spotlight, what flows through the microphone is more than the secret to success. It is the weight and depth of life itself. True glory is never measured by numbers alone, but by the countless lives strengthened and uplifted through the sharing of one another's stories.

Within Nefful International's galaxy of light, people are the most breathtaking scenery of all. Through resilience and courage, these seekers of light have transformed the ordinary into the extraordinary. In pursuing their light, they rediscover ownership of their lives and arrive at true freedom—both in spirit and in living.

從價值的實現，
到生命的華麗翻轉

我們看見榮耀舞台上的得獎者們邁出堅定而優雅的步伐。他們挺直背脊，向全場揮手，那份自信從容，是時光淬鍊出的華麗翻轉。

站在舞台中央，麥克風傳遞出的不僅是成功的秘訣，更是生命的重量。真正的榮耀，不在於數字的堆疊，而在於看見無數雙手因為彼此的故事，而再次充滿力量。

在妮芙露國際的星河中，「人」是最璀璨的風景。這群追光者以柔韌與勇氣，將平凡淬鍊成傳奇；在追逐光芒的過程中，尋獲人生的主導權，抵達心靈與生活的全然自由。

The stage is graced by figures spanning generations. The new generation of achievers, armed with a global perspective and a fluency in the digital age, stands alongside their predecessors, breathing the vitality of a new era into half a century of masterful tradition. Here, age is a medal of experience, and every background is simply the beginning of a dream.

"The most moving light is never the one that shines alone, but the one that illuminates others."

We pay tribute to every seeker of light. It is your radiance upon this stage that has brought warmth to the world.

舞台上交疊著跨越世代的身影。新生代得獎者帶著國際化格局與數位視角，與前輩並肩而立，為半世紀的匠心注入時代的生命力。在這裡，年齡是經驗的勳章，背景是夢想的起點。

「最動人的光，不是獨自閃耀，而是彼此照亮。」我們致敬每一位追光者，是你們在舞台上的風采，溫暖了全世界。

BRAND VALUE

Is the Ultimate
Competitive Advantage
of Our Time

從被拒絕到被仰望——
品牌價值，才是這個時代
最強的競爭力

In recent years, more partners have recognized that the market and customers are changing, and traditional sales approaches are becoming increasingly less effective. Product presentations that once easily captured attention are now often met with polite smiles and silence. The latest reports from the World Federation of Direct Selling Associations (WFDSA) reveal the remarkable resilience and growth of the global direct selling industry. Yet behind these encouraging numbers lies a growing challenge: in an era flooded with digital information, earning trust has become harder. The message behind the numbers is clear and powerful: scale can be driven by momentum, but without growth in trust, every business will eventually hit its limits.

Yet there are always visionary leaders who rise above the changing tide. They do not pursue customers—customers seek them out. They do not need to repeatedly explain their products—customers approach with genuine curiosity. They do not rely on persuasion, as their lifestyle and values are their strongest endorsement.

這幾年，越來越多夥伴都深刻感受到同一件事——市場在變，客戶在變，舊有的銷售模式越來越難奏效。曾經一句話就能打動人的產品介紹，如今換來的往往是禮貌性的微笑與沉默。世界直銷聯盟 (WFDSA) 的年度報告揭示了全球直銷市場的龐大韌性與擴張，但隨著數位資訊氾濫，消費者的信任建立，正面臨著前所未有的考驗。數字背後的訊號清晰而強烈：規模可以依靠慣性成長；但若缺乏信任的累積，事業發展終將面臨瓶頸。

然而，市場上總有一群頂尖領袖逆勢而上——他們不追逐客戶，客戶卻慕名而來；他們不刻意解釋產品，客戶卻主動發問。他們不需要說服任何人，因為他們所展現的生活方式，就是最具說服力的證明。

“
When hard work is no longer the only formula for success, the breadth of one's thinking becomes the true differentiator.

當努力不再是唯一定律，思維的高度，才是真正的分水嶺。

For more than half a century, Nefful International has built a legacy of health and empowerment. Today, transformation begins with a shift in mindset, not products. The journey is no longer about product sales alone—it is about bringing the Nefful International brand's value, influence, and spirit to life.

As digital technology reshapes the world, the true competitive edge lies in mindset, not information. Top Nefful International leaders understand that technology may enhance performance, but human connection and strong brand value remain indispensable.

To move from being rejected to being looked up to, we must turn this mindset into action through the following three practical dimensions:

走過半個世紀的優雅傳承，妮芙露國際始終站在守護健康與成就夢想的最前線。今天，我們所面對的這場思維變革，核心只有一句話：從傳統的「產品銷售」，全面跨越到「妮芙露國際品牌價值」的極致展現。

在數位科技與智慧工具交織的時代，未來的差距不是「資訊差」，而是「思維差」。妮芙露國際的頂尖領導人明白：科技只是放大的槓桿，而我們無可替代的核心競爭力，永遠是那一抹貼近肌膚的溫度，以及由內而外散發的品牌價值。

要從「被拒絕」走向「被仰望」，我們必須將思維落地於以下三大實戰維度：

Dimension 1 維度 1

Living the NEORON® LIFESTYLE - From Hard Selling to MAGNETIC ATTRACTION 活出「妮美龍生活美學」—— 從主動推銷到磁吸效應

You are not simply selling a fiber product. You are the embodiment of an elegant and healthy lifestyle that people aspire to achieve.

Many partners often wonder, "Why do I post every day, yet see little response from my audience?" The answer is often not a lack of effort, but a difference in what is being communicated. People are drawn to inspiring lifestyles, not product specifications.

你不是在銷售一件纖維產品，你本身就是「全天候優雅健康生活」的形象代言人。

許多夥伴常問：「為什麼我每天努力發文，社群卻毫無起色？」答案往往不是你不夠努力，而是你傳遞的是生硬「規格」，而非令人嚮往的「生活」。

Those who struggle to gain attention often rely on statements such as:

"Our patented NEORON® technology has received multiple certifications..."

被拒絕的人在強調：

「我們的妮美龍專利科技榮獲多項認證.....」

Those who are admired often share stories like:

"Today, I flew to Tokyo for a business trip. From the airport to hotel check-in, nearly ten hours on the move—yet my NEORON® innerwear kept me dry and comfortable throughout. It's a small detail, but one that has become an essential part of every trip I take."

被仰望的人在分享：

「今天飛往東京出差，穿上妮美龍貼身衣物，從機場到飯店check-in，全程十小時的奔波，背部依然維持不可思議的乾爽與舒適。這就是我商務出差的必備儀式感。」

The same product, told through a different lens, can lead to entirely different outcomes.

同樣的產品，不同的敘述維度，換來的是截然不同的人生格局。

Replace Specifications with Scenarios

Place the product naturally within real-life moments—a vibrant morning routine for an active woman, grandparents playing joyfully with grandchildren, or a family enjoying deep, restful sleep under the comfort and care of NEORON®. Scenarios create emotional connections, and emotional connections build trust.

用「場景」取代「規格」

把產品精準放進真實生活裡——熟齡女性的活力早晨、銀髮長輩與孫兒嬉戲的安心笑容、全家人在妮美龍守護下的深度好眠。場景決定共鳴，共鳴決定信任。

Build Your Own Visual Identity

Leverage AI tools to create a consistent visual presence through color, typography, and content style. A premium brand's appeal often begins with visual consistency, attention to detail, and a clearly recognizable identity.

打造專屬視覺IP

善用AI工具，建立一致的色調、字體與視覺風格。頂級品牌的質感，往往始於視覺的嚴謹與統一。

When Nefful International becomes a lifestyle you genuinely live and embody, you are no longer perceived as a salesperson—you become a magnet. The more you elevate your personal brand and lifestyle influence, the more naturally you attract quality partners who share your aspirations for health, success, and growth.

當你在妮芙露國際活出令人嚮往的生活美學，你對客戶而言便不再是「推銷」，而是發自內心的「認同」。當以個人品牌成功建立，自然能吸引渴望健康與事業的優質夥伴。

Dimension 2 維度

Telling Stories of GENUINE TRANSFORMATION – Turning Real-Life Stories into LASTING CONNECTIONS

述說「生命的真誠轉變」——用故事築起情感的護城河

Intelligent systems can answer every question about fiber technology and product performance. Yet only human warmth and authentic stories can give a brand its irreplaceable soul.

Research from Stanford University shows that stories create deeper emotional resonance than facts alone, making them far more effective in building lasting trust and shaping decisions. People may forget the statistics, but they will never forget the emotions you leave behind.

The Golden Storytelling Formula 黃金故事公式

1. Start with a customer's everyday challenge.
梳理客戶的「生活痛點」。
2. Introduce the turning point through Nefful International.
遇見妮芙露國際的「關鍵轉折」。
3. Share the transformation that follows.
身心重獲優雅的「蛻變成果」。

Every meaningful life change deserves to be remembered and shared.
每一位客戶的轉變，都值得被鄭重記錄。

智慧系統能解答所有標準化的纖維數據，但唯有「人性的溫度」與「真實的感動」，能賦予品牌無可替代的靈魂。

史丹佛大學的研究指出，故事引發的共鳴比生硬的事實，更能驅動長期的信任與決策。人們或許會忘記數據，但永遠會記得你帶給他們的感動。

Share the Human Side of Success 傳遞核心幸福感

Tell the story of how a full-time mother rediscovered her confidence and sense of purpose through this international business opportunity. Share how families rediscovered joy and peace of mind through Nefful International's care and support. Focus less on product features and more on the life-changing moments behind them.

講述全職媽媽如何透過這份國際事業找回自我價值，講述家庭如何因為這份全天候的守護重獲笑容。不講成分，多講生命轉變的溫度。

Dimension 3 維度

Embracing the CARE AND CONNECTION ECONOMY - Becoming an IRREPLACEABLE PRESENCE in People's Lives

擁抱「陪伴與療癒經濟」—— 成為生命中不可或缺的存在

In today's world, what people long for is not more information, but genuine connection and the feeling of being cared for.

Research from Harvard Business School suggests that acquiring a new customer can cost up to five times more than retaining an existing one. Yet what keeps customers coming back is rarely the next promotion or discount—it's the warmth of "you remembered me." That is the essence of the care and connection economy.

As isolation quietly grows in an increasingly connected world, the brands that endure are those that stand beside people through every stage of life. Nefful International offers more than a garment—it is a lifelong promise: "I care about your health and your life."

From watching children grow up to supporting mothers through life's transitions to helping seniors stay active and vibrant, this enduring companionship builds the deepest trust and the strongest brand foundation.

When a customer says, "Whenever someone I care about wants to improve their health and quality of life, you're the first person I think of," you have moved beyond selling. You have become a trusted advisor for health and lifestyle—a role that represents the highest expression of brand value.

這個時代，人們最渴望的不是更多氾濫的資訊，而是真實的連結與被照顧的感受。

哈佛商學院研究指出，獲得一位新客戶的成本，是留住一位舊客戶的五倍。而真正讓客戶留下來的，從來不是下一次的折扣優惠，而是那份「你還記得我」的溫度，這就是陪伴經濟的核心。

當全球化的孤獨感悄悄蔓延，能夠真正陪伴客戶走過人生不同階段的品牌，才是最難被取代的存在。妮芙露國際的夥伴天生就擁有這份能力——因為我們傳遞的從來不是一件衣服，而是一份「我在乎你的健康，也在乎你的生活」的終身承諾。

陪著客戶的孩子從牙牙學語到長大成人、陪著媽媽從中年走向熟齡、陪著長輩在退休後依然活力盎然。這種跨越時間的陪伴，是品牌最深的防禦牆。

當一位客戶告訴你：「身邊只要有親朋好友需要提升生活品質與健康，我第一個想到的就是你。」那一刻，你已超越了銷售者的角色，你是他生命中無可替代的健康與生活美學顧問。當事業能夠長久建立在信任之上便是品牌價值的最高境界。

The SOUL OF A BRAND – Technology is the Lever, HUMAN WARMTH is the Core

品牌靈魂 —— 科技是槓桿，溫度是核心

There is one thing that no technology or AI can ever replicate—the warmth of genuine human connection. Lifelong trust and lasting brand value come not from technology alone, but from the sincerity with which we nurture relationships and care for every individual we serve. The journey from rejection to recognition doesn't require working blindly twice as hard. It simply requires a shift in mindset.

Move beyond old limits and rise above your former self. Let technology empower your hands, stories communicate your values, companionship create lasting impact, and healing touch people's hearts.

Amid the waves of digital transformation, cultivate a brand value that sets you apart. Together with Nefful International, continue to grow with elegance, inspire lives, and shine on the global stage.

有一件事，AI與科技永遠無法複製——那就是真誠握手的溫度。真正能建立終身信任、並鑄就品牌價值的，永遠是我們對夥伴關係的真誠維護，以及對每一位客戶的細膩愛護。從被拒絕到被仰望，這條路上不能只是盲目地加倍努力，更需要你更換思維。

突破既有高度，持續超越自我。用科技賦能雙手，用故事傳遞品味，用陪伴創造價值，用療癒溫暖人心。

在數位轉型的巨浪中，淬鍊出無可替代的品牌價值——與妮芙露國際共同優雅盛放，走向全球。

A strong personal brand helps you stand out.
個人品牌IP，讓你被看見。

Personalized care makes you indispensable.
專屬細膩關懷，讓你被需要。

Meaningful stories make you memorable.
故事共鳴力，讓你被記住。

Companionship and healing make you irreplaceable.

Dream Builders Shining in Love

They have given the Nefful International business its most romantic interpretation—this journey has never been about numbers or sales performance, but about a passionate and enduring love story. Just like the lyrics of *Theme Song of Love*, when the heart is filled with love, one naturally shines wherever they go. Love is the most powerful force behind success. Their genuine passion for the products makes sharing effortless, while their devotion to their team attracts like-minded partners to grow together. They invite every partner to become part of this celebration of love, where every act of sharing is filled with warmth, sincerity, and joy. When sincere hearts unite as one light, they create a force powerful enough to transform the world. Through this shared rhythm of love, they build success together while inspiring hope and possibility for Nefful International partners around the globe.

The Guardian of Life's Lowest Moments

Her journey began with a courageous leap of faith. When life reached its most uncertain and vulnerable point, Nefful International became the steady, warm support that carried her forward. From a dreamer stumbling through setbacks and uncertainty, she emerged as a leader who now stands confidently on stage. Yet she defines success with quiet humility. It is never the applause she seeks, but the moments spent walking beside her partners through their darkest valleys, helping them rediscover their confidence and relight the spark in their eyes. To her, true achievement is not about how high one stands, but about how many hands one can hold and guide forward after finding stability within oneself. With deep gratitude, she continues on a path of empowering herself while illuminating others, ensuring that every partner on this journey never has to walk alone.

GREAT TALENT Deserves the SUPPORT of **EXCEPTIONAL TECHNOLOGY**

好的天賦，更應該要用好的技術來做支持

We often hear the saying, "Even the cleverest housewife cannot cook a meal without rice." It suggests that no matter how skilled an individual may be, great results remain out of reach without the right tools.

The same principle applies in medicine. Even with extensive medical knowledge and a deep understanding of disease mechanisms, limitations in current technology can prevent us from truly opening the door to effective treatment.

我們常聽到一句話：「巧婦難為無米之炊。」意思是再厲害的人，沒有工具，也做不出好結果。

在醫療上，也是同樣的道理。我們懂得再多醫學理論、了解再多病理機轉，卻因為現行技術的侷限，因此遲遲無法開啟治療之門。

Medicine Must Continue to Evolve — Even Today, Many Complex Challenges Remain Unsolved

醫療，必須持續的進步， 即便是現在，仍有很多難解的醫療難題

Many assume that modern medicine has already advanced significantly. Yet in clinical practice, many seemingly basic health problems remain unresolved due to technological limitations. As a result, patients are often unable to fully regain their quality of life.

許多人可能會認為，現代醫療進步如斯，但臨床上，仍有許多看似基本的健康問題，因為醫療技術未突破，個案因而無法真正享受生活。

People with Diabetes: Challenges of Chronic Neuropathic Pain and Treatment Limitations

糖尿病族：慢性神經疼痛，臨床治療局限性高

For individuals with diabetes, disease progression may gradually damage peripheral nerves, leading to complications such as diabetic foot, peripheral neuropathy, numbness, and chronic pain. Although neurostimulation is a medically proven pain treatment, it requires prolonged, clinic-based intervention, making it difficult to sustain. As a result, patients often experience only temporary relief, with symptoms recurring and causing ongoing distress.

糖尿病的個案，隨著時間進展，會侵犯到末梢神經，導致：糖尿病足、周邊神經麻木、慢性疼痛等各種併發症，儘管神經電刺激已被醫學證實為有效的疼痛治療方式，神經電刺激必須在醫療場域長時間介入，「治療有效，但無法持續」是很大的瓶頸，患者往往只能短暫緩解，反覆受苦。

Hypertension: Declining Drug Effectiveness and Increasing Dosage

高血壓：藥物逐漸失效，持續提升劑量

In patients with long-standing hypertension, prolonged exposure of vascular endothelial cells to antihypertensive drugs may lead to receptor downregulation. When these receptors lose their responsiveness, blood pressure becomes increasingly difficult to manage. In such cases, increasing the dosage is often the only option, but this is typically accompanied by greater side effects.

高血壓患者越到後期，會因為人體內皮細胞長時間暴露在高血壓藥物中，導致人體的血管受器(Receptor)進行負調控(Downregulation)，當內皮細胞無法有效感知藥物，血壓就會越難控制，此時只能增加藥量，但藥量的增加，伴隨的往往也是更多的副作用。

True Health Protection Begins with an Open Mind and Innovation

保持開放心胸、吸收新技術，才是真正守護健康的根本

For physicians, lifelong learning and adoption of new technologies is essential to providing patients with better and more diverse treatment options. For readers, learning new technologies can offer those under your care a real opportunity to overcome health limitations. In the face of health challenges, everyone possesses an innate healing ability—the body's natural self-recovery power. When illness progresses, it is often because this capacity cannot keep pace with the disease. In such cases, new technologies can help unlock and reactivate this inherent healing potential.

身為醫師，終身學習新技術，是為了給予患者更好、更新的醫療選擇。而對各位讀者，學習新技術，能讓你照顧的個案，有機會真正跨越健康瓶頸。面對健康困境，其實每個人都擁有自我修復的天賦——也就是身體的「自癒力」，疾病會持續惡化，常常是因為身體的自癒修復力，趕不上病程的變化，這時候，就必須要用新技術，協助我們重新打開自癒力天賦。

Enhancing Quality of Life Through the Use of Technology

善用新技術創造優質生活

Continuous health-support tools and emerging technologies play an important role in bridging gaps in personal health management. Leveraging the benefits of negative ions can also support care and enhance overall quality of life. Research suggests that negative ions may help stabilize nerve cell activity and reduce excessive neural excitation and fatigue. When neural electrical balance is restored, there is potential to support overall health maintenance¹. Proper application of negative ion technology can help address the limitations of traditional neurostimulation, such as the inability for long-term intervention or the need for frequent hospital visits thereby improving patients' quality of life.

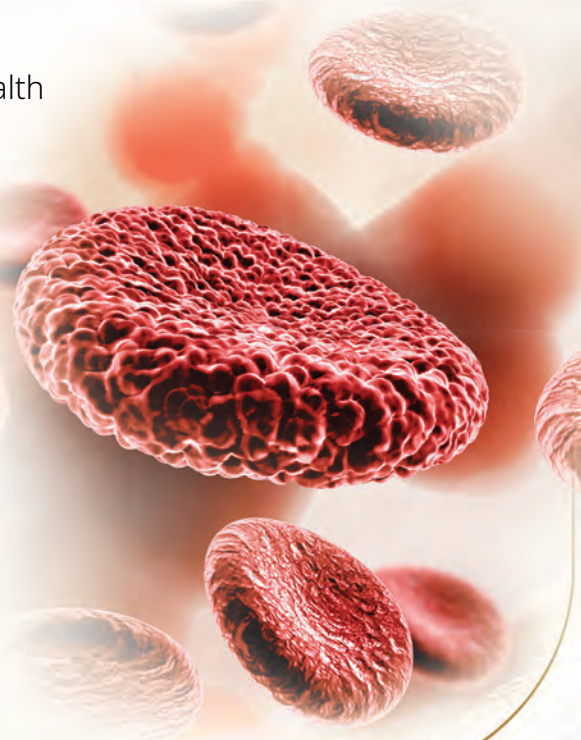

持續性的健康促進工具或是新技術，是補足人體健康照顧困境的關鍵。別忘了善用負離子也能協助個案保養保健，獲得更好的生活品質。負離子在醫學上能讓神經細胞維持在更穩定的狀態，降低神經的過度興奮與疲乏。當神經電位回到平衡，便有機會促進個案健康維持¹。妥善應用負離子的新科技能補足傳統神經電刺激「無法長期介入」或是必須「常常進出醫院」的問題，讓患者生活品質能夠更提升。

Negative Ions Have Also Been Reported to Promote Relaxation of Vascular Endothelial Cells, Which May Benefit Cardiovascular Health

負離子能讓血管內皮放鬆， 心血管健康能獲得更大幅度的改善

Studies indicate that negative ions may help vascular endothelial cells relax and restore activity². When blood vessels are no longer in a constant state of tension, metabolic and circulatory functions may become more stable. This may also help medications work more effectively, reducing the need for escalating doses and helping break the cycle of increasing side effects.

負離子在醫學上被證實能讓血管內皮細胞放鬆、恢復活性²。當血管不再長期處於緊繃狀態，新陳代謝循環將更趨於穩定，也讓藥物能發揮原本應有的效果，讓治療不再陷入藥物加量與副作用的惡性循環。

Technology: The Key to Unlocking Potential

好的技術，就是打開天賦之門的鑰匙

Innate ability helps you navigate challenges with instinct, but it is technology that amplifies that potential, enabling you to achieve more with less effort. This philosophy applies not only to life, but also to health. When the right tools are applied, the body's self-healing capacity can operate at its full potential. Ultimately, using technology to unlock human potential is one of the most effective and intelligent approaches to health management. It allows us to create meaningful improvements in the lives of those we care for.

有時候天賦固然重要，能讓你在面對各項危難時，用直覺度過每一關的風險；但真正讓天賦發揮到極致的，是「技術」的加成效應，能讓你事半功倍。生活哲學如此，健康照顧也是如此。用對技術，就能讓自愈力全速運轉。用技術打開天賦之門，才是最有效、最聰明的健康策略，它讓你所照顧的每一個人都能迎來真正的改善。

FROM WEAR TO NUTRITION: Dual-Axis Recovery, Powered by **NEGATIVE IONS APPAREL & LYCHEE POLYPHENOLS**

從穿的到吃的：

負離子衣物 × 荔枝多酚，打造現代人的雙軸修復力

When was the last time you truly felt energized and light? For many today, that question is surprisingly difficult to answer. It is not a serious illness, but rather a lingering fatigue that quietly builds—sleep feels insufficient, energy levels remain low, and even the demands of daily life can feel overwhelming.

Why is this happening? The answer lies in the gradual accumulation of health depletion over time. Occasional rest is no longer sufficient. What is needed is a deeper understanding of the body's needs—an integrated approach to recovery that works in harmony with daily life, from the external environment to internal balance.

你上一次真正感覺精神飽滿、身體輕盈，是什麼時候？對許多現代人來說，這個問題並不容易回答。不是生了什麼大病，卻總覺得睡不飽、提不起勁、工作一忙就身心俱疲。

為什麼會有這樣的問題？那是因為長期累積的健康耗損，光靠偶爾休息已經不夠。這時候必須理解身體真正需要的，從外在環境到內在生理，建立一套能融入日常的修復機制。

THE ROOT CAUSE OF SUB-OPTIMAL HEALTH: **Dual Pressure from Within and Without**

現代人亞健康的根本原因： 內外在壓力對身體的雙重夾擊

External Stress: Continuous Environmental Strain 外在壓力：來自環境的慢性消耗

Everyday exposure to environmental stimuli requires the body to expend energy to maintain balance. Prolonged screen time, poor indoor air quality, and sedentary habits place low-level but continuous stress on the skin barrier, respiratory system, and immune function. Over time, these subtle but persistent stressors become a significant source of oxidative wear and tear.

當身體接受環境刺激，就必須消耗身體能量，才能將這些刺激所產生的副作用給抵銷，像是長時間面對螢幕、室內空氣品質不佳、久坐姿勢等等，每天都在對皮膚屏障、呼吸道黏膜與免疫系統形成低強度但持續的慢性刺激，這就是身體氧化損耗的重要來源之一。

Internal Stress: The Accumulation of Free Radicals 內在壓力：源自自由基的失控累積

The body naturally produces small amounts of free radicals during metabolic processes. However, under high levels of stress, the adrenal glands release elevated levels of cortisol. In the short term, cortisol helps suppress acute inflammation and provides a protective effect. When stress becomes chronic, sustained high cortisol levels begin to weaken the body's antioxidant defense system. Once this line of defense is compromised, free radicals accumulate, leading to oxidative damage and chronic inflammation—ultimately creating a vicious cycle of worsening fatigue and declining immunity.

人體在行有氧呼吸正常代謝過程中本就會產生少量自由基；但在高壓狀態下，腎上腺會大量分泌皮質醇。短期而言，皮質醇能壓制急性發炎，具有保護效果；一旦壓力從急性轉為慢性，身體高濃度的皮質醇反而會削弱體內抗氧化酵素系統。防線失守後，自由基大量累積，引發細胞氧化損傷與慢性發炎，最終形成疲勞加重、免疫下降的惡性循環。

3 Key Health Trends Shaping the Modern Era

成為領航者，你必須知道現代人健康的三大趨勢

Every challenge brings opportunity. The prevalence of sub-optimal health has created new possibilities in the wellness industry. To navigate this landscape, it is essential to understand three defining trends shaping modern health:

1. Sub-optimal Health Is the Norm

Global surveys suggest that over 70% of working adults live in a state of sub-optimal health. It may seem common, but it is an early warning sign of ongoing physical depletion. Prolonged exposure to daily demands while operating in a constant “low-battery mode” places the body under sustained strain, increasing the likelihood of more serious health issues over time.

2. A Shift from “Treatment” to “Everyday Integration”

The traditional mindset of “treating problems only after they arise” is gradually shifting. With the rise of functional apparel and nutritional products, the idea that “what you wear and what you eat can support your health” has become deeply embedded in modern lifestyles. Those who can guide others in making the right daily health choices are naturally well positioned to benefit from the expanding wellness industry.

3. Social Platforms are Reshaping Trust in Health Decisions

Consumers no longer rely solely on medical consultations as their primary source of health information. They also turn to social platforms and real-life experiences shared by key opinion leaders (KOLs). By sharing credible health insights through personal platforms, individuals can build credibility and establish a trusted, professional presence within their communities.

危機即是轉機，現代人亞健康的風險，對應到的就是健康促進的商機，但要掌握商機，你還必須要知道現代人健康的三大趨勢：

1. 亞健康是常態

根據多項國際調查，超過七成的現代工作者長期處於亞健康狀態，這問題看似尋常，卻是身體持續耗損的早期訊號。亞健康的危險之處，在於讓身體長期在「低電量模式」下承受日常生活中的高強度運作，身體亮紅燈也容易延伸出各種健康問題。

2. 健康維護從「治療」轉向「日常化」

過去人們習慣「出了問題再去處理」，但現在隨著功能性衣物與機能食品市場的普及。「穿的、吃的都能成為健康入口」的觀念已經深植在現代人的內心，這時候，能協助客戶做對做好健康管理的人，自然而然能在大健康領域中搶得先機。

3. 社群與直播，重塑健康決策的信任場域

消費者的健康資訊入口不再只仰賴醫師診斷，會同時參考大量社群內容以及KOL的真實經驗分享，這時候，適時地透過自己的社群上講述相關的健康議題，也能樹立自己在客戶心中的專業形象。

Dual-Axis Recovery: Integrating Health into Everyday Life

雙軸修復，讓健康真正走入日常

With a deeper understanding of both the dual sources of stress and the evolving health landscape, modern health management calls for a two-pronged approach: strengthening external environmental resilience while enhancing internal antioxidant capacity—forming a complete dual-axis protection system.

理解了壓力的雙重成因以及現代人健康的三大趨勢，現代人也應從兩個方向同步介入：對外增強環境抗性，對內提升抗氧化能力，形成完整的雙軸防護機制。

External Axis: Strengthening Environmental Resilience with Negative Ion Apparel

外在軸：穿負離子衣物，強化環境抗性

Research suggests that negative ions may help support skin barrier repair, promote cardiovascular well-being, and reduce oxidative stress and inflammation. Incorporating negative ion apparel into daily life allows for continuous, passive exposure to these benefits, effectively creating an invisible protective layer that supports the body without requiring extra effort, enabling health management to take place naturally in everyday moments.

多項研究已指出，負離子能增加肌膚屏障的修復同時能促進心血管的健康狀態，甚至降低氧化壓力、減少發炎反應，如果能使用負離子衣物，持續在日常生活中產生守護身體健康的負離子就等於為身體建立起一道不需要刻意維護的環境防護屏障，讓健康管理發生在每一個日常的瞬間。

Internal Axis: Boosting Antioxidant Defense with Lychee Polyphenols

內在軸：每日補充荔枝多酚，強化抗氧化力

To address the accumulation of internal free radicals, the body requires a stable and effective source of daily antioxidant support. Lychee polyphenols, rich in oligomeric proanthocyanidins (OPC), have demonstrated antioxidant capacities that surpass those of vitamins C and E. They help neutralize excess free radicals, protecting cellular membranes and mitochondria from oxidative damage.

針對內在自由基的累積問題，身體則需要一種強效、穩定、能每天補充的抗氧化支援。荔枝多酚 (Lychee Polyphenol) 富含低聚原花青素 (OPC)，其抗氧化能力經研究顯示遠超過維他命C與維他命E，能直接清除體內過剩的自由基，保護細胞膜與粒線體免於氧化損傷。

THE TRUE REWARD OF Health Management **IS SEEING CLIENTS ACHIEVE BETTER HEALTH**

健康管理的成就，來自於看到客戶
因為自己而獲得真正的健康改善

"Seek not to be better than others, but to be better than you were yesterday." True achievement in health management lies in witnessing meaningful improvements in the well-being of others.

In today's socially connected world, where everyone has the ability to influence others, the opportunity lies in consistently sharing accurate health knowledge and guiding those around us toward balanced, sustainable habits.

By empowering others to care for their health from the inside out, we move beyond the traditional model of treating illness and instead embrace a lifestyle-driven approach—supporting individuals in managing sub-optimal health through what they wear and what they eat.

「不求與人相比，但求超越自己」。會在大健康領域持續經營的人，相信都有一個共通的成就泉源：客戶真正因為我們的影響而改變了自身的健康狀態。

在這個人人都是社群焦點的世代，持續的擴散正確的健康知識，輔導身邊的夥伴內外兼修照顧好身體健康，讓舊有治療一個人的健康，轉化成日常化的從穿與吃照顧好一個人的亞健康狀態！

WEAR FOR ENDURANCE: FROM “ME” TO “WE” IN A DAILY CELLULAR-LEVEL DEFENSE

In today's fast-paced world of high pressure and information overload, many individuals find themselves caught in a cycle of sub-optimal health, where the body shows no obvious illness yet persistent fatigue lingers. At Nefful International's "Wellness on Point: NI's Guide to Comprehensive Wellness" seminar, Dr. Weng Tzu Hua emphasized that true health is not about passive repair, but a daily cellular-level defense integrated into everyday life.

The seminar aims to help individuals realign their lifestyles and activate a positive wellness cycle that extends from the individual to the community. Through daily clothing, NEORON® high-tech fibers are transformed into a 24-hour, close-to-skin layer of invisible protection. When individuals listen to their bodies and reclaim personal wellness (“ME”), this sense of care naturally extends outward—sharing comfort and support with their families and community (“WE”).

It also addresses modern wellness misconceptions. Through clear and accessible preventive medicine insights, medical knowledge is translated into practical everyday understanding. Nefful International hopes to guide partners in turning health awareness into consistent daily action, building a strong and comforting foundation for every family.

穿出續航力！ 從「ME」到「WE」的日常 細胞級防護戰

現代人在高壓與混亂資訊中切換，是否也陷入了「身體未抱恙，卻總感覺疲倦」的亞健康循環？在妮芙露國際舉辦的「健康不掉隊・妮的安心保健指南」講座中，翁梓華醫師特別提醒：真正的健康不是被動修補，而是一場融入日常作息的「細胞級防禦戰」。

本場講座的核心，正是要帶領大眾重新校準生活步調，啟動「從個人到群體」的健康正循環。透過最基礎的日常穿著，將妮芙露高科技纖維化為24小時貼身的隱形防護罩。當我們學會聆聽身體的聲音、重拾自主健康(ME)，自然能將這份安心的能量向外綻放，把愛與關懷延伸至家人與身邊的人(WE)。

開課目的則是為了道破現代人的保健盲點，透過醫師深入淺出的預防醫學剖析，將艱深的醫學知識轉化為隨手可得的生活知識。妮芙露國際期望藉由這場知識分享，引導夥伴將健康管理的正確思維轉化為日常行動，讓日常防護成為守護家庭最堅實、最溫暖的後盾。

Beyond Borders Nefful International: *Lighting the Way to Hope*

Some lives are quietly enduring adversities that many of us may never experience. Yet Nefful International has never turned away. We firmly believe that even the faintest spark can one day gather into a brilliant light. When united by a common purpose, even the smallest footprints can help carve a path of hope for those facing life's greatest challenges.

Together with World Vision, we have embedded this commitment to caring beyond borders into the DNA of Nefful International's sustainability journey. On the once-parched land of Cebu, hope began to emerge with Nefful International's presence. Wells that had long run dry became a source of renewed possibility, while children whose eyes once reflected uncertainty now shine with the confidence to look towards the future under the wings of love and care. What we bring has never been merely aid—it is the assurance that they have not been forgotten, and that the world still remembers them.

This great love is made possible through the collective strength of Nefful International partners around the world, giving it the power to help uplift lives and transform destinies. Every charity item carrying a message of kindness has crossed oceans, building bridges of dignity, warmth, and hope. Through the selflessness, generosity, and trust of our global partners, countless individual sparks of goodwill have been gathered from every corner of the world and united into a powerful current of warmth, illuminating the forgotten and overlooked corners of society.

This is the enduring spirit of Nefful International—Making a Difference. From a single spark, we ignite the passion of many. Through every act of giving, every moment of care, and every unwavering commitment to serving others, we bring warmth to every corner of the world and inspire hope for a brighter tomorrow.

跨越國界的守望 妮芙露國際：點亮世界的希望之光

有些生命，正默默承受著我們未曾經歷的逆境。但妮芙露國際從不曾轉身，我們深信：星火雖微，終將聚之成光；只要方向一致，再微小的腳印，也能為身處困境的生命開闢希望的道路。

我們與世界宣明會攜手，將這份跨越國界的守望，寫入品牌永續的基因。在宿霧那片乾涸的土地上，因為妮芙露國際的進駐，村民們乾枯的井延伸出了希望，孩子們原本怯懦的眼神，在愛的羽翼下綻放出直視未來的光芒。我們帶去的，從來不只是援助，而是讓他們看見，自己並未被世界遺忘。

這份大愛，因為全球妮芙露國際的夥伴而凝聚，更有了托舉命運的重量。那一件件承載著善意的義賣商品，跨越海洋，構築起傳遞尊嚴與溫暖的堅實橋樑。這些來自全體夥伴的無私與信任，將散落全球的點滴微光，匯聚成寒冬中的磅礴暖流，照亮那些被時代遺忘、忽略的角落。

這，就是妮芙露國際歷久彌新的靈魂——Making a Difference。我們以一人的微光引燃一群人的熾熱，用一個不懈的付出與守護，溫暖世界每一個角落。

A Constellation of Excellence Across Five Markets

Paying Tribute to the Leaders Who Continue to Inspire Generations

During the highly anticipated Grand Entry segment, the atmosphere reached its peak. Each leader's arrival reflected pioneering achievement, partner trust, and years of dedication and perseverance. Area General Managers and annual award recipients from around the world entered with grace and confidence, symbolising their enduring commitment.

Taiwan's 37-year foundation of stability and excellence, the United States' 24-year pioneering journey, Hong Kong's 21 years of unwavering commitment, Malaysia's 20 years of transformation, and Singapore's 16 years of innovation came together as a bright constellation within Nefful International's global landscape.

Behind every leader on stage lies perseverance, belief, and the strength of their teams. The stage became more than recognition—it became a tribute to all outstanding achievers.

五大市場同心， 星光榮耀登場

跨越地域的輝煌版圖，
向每一位時代登峰者致敬

在萬眾矚目的尊榮入場環節，現場氣氛達到沸點。每一位領導人的登場，都代表著一段開拓歷史、夥伴信任與時間淬鍊出的責任。來自世界各地的區域總經理與年度得獎者依序優雅登場，每一步都踏出多年深耕的堅定。

台灣市場37年的沉穩根基、美國24年的拓荒傳奇、香港21年的不懈耕耘、馬來西亞20年的精彩蛻變、新加坡16年的創新突破，共同匯聚成全球版圖中最閃耀的星河。每一位站上舞台的領航者，背後都是無數堅持、信念與團隊張力的結晶。這一刻，舞台不只是表揚的空間，更是向所有卓越實踐者致敬的「天空舞台」。

Where Fashion Meets Warmth: A Couture-Inspired Sensory Experience

NEORON® Technology Meets the New Aesthetics of NAFA

As the timeless melody of "You Raise Me Up" filled the hall, its gentle notes echoed Nefful International's journey of gratitude, companionship, and unwavering support. A commemorative video played on the screen, revisiting the brand's 53-year legacy and reaffirming its mission. The heartfelt blessing, "May the world be healthy, and may we remain as we were in the beginning," was etched into every heart.

The NI Vogue Fashion Show then brought the celebration to another peak, opening with international supermodel Amber Chia. Through masterful design, Nefful International integrated the functional technology of its NEORON® fiber into contemporary fashion, presenting a refined image of comfort, confidence, and elegance.

A key highlight was the collaboration with Singapore's Nanyang Academy of Fine Arts (NAFA). Inspired by local cultural diversity, designers fused traditional weaving techniques with contemporary creativity on the runway. More than a cross-border showcase, it demonstrated how NEORON® technology empowers aesthetics and reflects Nefful International's spirit of innovation and distinctive brand value.
